

**Project title. Develop a sustainable co-
management mechanism to strengthen the
governance of the mangroves as a renewable
natural resource in Boeny region**

**7th WIOSAP PROJECT STEERING COMMITTEE
DARES SALAAM, TANZANIA
29TH JANUARY 2025**

Name of IP: Centre National de
Recherche Océanographique and Ministry
of Environment and Sustainable
Development

Why the Project?

• Objective:

Overall Objective : to promote the sustainable management of mangroves in the Boeny in an integrated management approach, by a set of good practices, involving all stakeholders, to maintain good health and ecological integrity on the long term

➤ specific objective 1: "improve and strengthen the governance of the mangroves as a renewable natural resources

➤ Specific Objective 2 : « Improve the economic and social environment of local communities bordering

Why the Project?

• Partners:

- Ministry of Fisheries and Blue Economy;
- Ministry of Scientific Research;
- University of Mahajanga;
- Region of Boeny;
- Commune of Boanamary;
- National Oceanographic Research Center (CNRO)
- CNRE;
- Decentralized Local Authorities (DLA), local authorities and Community Associations
- VOI VONONA

Key Achievements

- Soil analysis (pH, T°, Salinity, etc);
- Setting the nurseries of mangroves;
- Planting of mangroves campaign (Propagules, Transplantation, nurserie

mangrove
plantatio

Key Achievements

- Setting of hydrological regim (irrigation of sea and fresh waters)
- On shore plantation (Coco Palm, cashew nut, Mangoes tree, Fruit tree,

(Solar capacity in MW)

Key Lessons Learnt

- Quick physical parameter analysis of soil and identification of pioneer species of mangroves;
- water management and irrigation;
- eradication of poverty and community empowerment;
- developing the financing mechanism for sustainable management of mangroves ecosystems.

Project Sustainability

- Empowerment and management transfer of the mangroves to the local community
- Increase efforts and extension of the funds to expand the restoration site;
- Blue carbon market;
- development of income generating

THANK YOU
