

# DECISION 9

## Climate change adaptation and mitigation

which, inter alia, requested the Secretariat to develop programmes and projects on the resilient blue economy and blue growth in the context of climate change adaptation and mitigation to support implementation of the Climate Change Strategy.

The ocean agency / Ocean Image Bank

## TOOLKIT

### on climate change vulnerability assessment

developed and applied to assess impacts of climate change and associated anthropogenic impacts on mangroves in four countries: Tanzania, Mozambique, Kenya and Madagascar.

## PRIORITY ACTIONS

### on addressing ocean acidification

identified during a 2019 workshop in Zanzibar, which could be incorporated into a regional action plan

Climate change is projected to have large-scale impacts on the Western Indian Ocean.

The Nairobi Convention has further supported ocean acidification observation systems in the field through ApHRICA Project-Practical Training Course on Ocean Acidification (OA); an Applied Training Course on OA Advanced Study; and WIOMSA-IOC-UNESCO OA Funded Projects in East Africa on the implementation of the SDG 14.3.1 indicator methodology.
